

AI-generated art

Hi there!

I'm Vessy and I'm doing an MA degree at UAL, London. I need some help with my research, which is around AI-generated art - its potential use and impact. I have prepared a short interactive questionnaire and an exercise, which overall should take no more than 15 mins of your time and (hopefully) will be fun. Just bring a pen and paper and your imagination... 🎨

Thank you in advance,
Vessy
